Stay connected:

Check out our Facebook page to keep up with the Library from day to day. www.facebook.com/pmc.library

New Community Space:

Several months ago we removed a number of shelves on the 2nd floor to create more room for students. With the addition of some new furniture, this space is now available to students to comfortably study or work with friends!

Pro tip:

LIBRARIANS DON’T JUST CHECK BOOKS IN AND OUT — WE ARE HERE TO HELP YOU WITH YOUR RESEARCH.

If you’re having issues with your research that our online guides don’t address, you can schedule a meeting with one of our librarians. Just email them at swoolf@pmc.edu or ekelley@pmc.edu!

Chromebooks:

The Library now has 18 Chromebooks for use by classes and individual students. Chromebooks are very useful for doing school work, and can be checked out for up to 4 hours, but must stay in the library. If you haven’t checked one out yet, just ask at the front desk!

What Your Library Can Do for You

We offer a number of services with the goal of helping you learn, grow, and succeed.

Course Reserves:
We have the books you need! If your professor has put your course text on reserve, you can check it out for use in the library. Just ask for it at the front desk!

Research guides:
No need to stress! Our online guides make research fast and simple.

Hot Topics:
Struggling with a paper on current events? We’ve got you covered! Our Hot Topics section has some of the latest writing on the issues that define our times.

Meet the Staff

Each librarian specializes in the following areas. Please use us as a resource!

The Beatty Shelf

Adelaide ‘Adi’ Beatty attended Pine Manor Junior College from 1947-1948. She was an active alumna and was well-remembered for her outreach and service. She was also active in fundraising for the College, and left a generous bequest that has allowed us to create a shelf of quality reference books for students to use.
